

CORAVIN®

Savor the glass. Preserve the bottle.

"This product is nothing short of amazing for both restaurateurs and wine lovers alike... Once I tried wine accessed six months prior with Coravin and tasted no difference, I knew this was a game changer."

Joe Bastianich
Restaurateur, Wine Expert, and Coravin Investor

The Coravin Story

Follow Coravin Inventor and Founder Greg Lambrecht as he retells the history of Coravin.

The first Coravin® Wine Preservation System was created in Greg Lambrecht's basement machine shop. He was dreaming of a way to be able to drink just the perfect glass of wine, without having to drink an entire bottle before it oxidized. As an expert in developing medical devices, Greg was able to design a Needle that he could insert through the cork without damaging it. Argon gas would flow through the Needle into the bottle, pressurizing it and allowing wine to flow out and into his glass. Then, when he removed the Needle, the cork would naturally reseal, as if it were never opened. Now, he could drink a sip, a glass, or more, without ever removing the cork!

What started in Greg's personal machine shop has now become our mission: to change the way the world drinks wine. Greg founded Coravin, Inc. in July 2013. Since then, we have developed and launched many innovative products that empower wine lovers to explore the world of wine at any level, with any bottle, at any time. Our global retail, restaurant and winery footprint is growing rapidly, as we power some of the best wine-by-the-glass programs at restaurants around the world. With availability in over 60 countries and driven by a team of passionate executives with deep consumer product experience, we are truly changing the way the world drinks wine.

"In my 35+ years as a wine professional I have seen many silly wine gadgets come to market. Coravin is unequivocally different."

Peter Granoff

Master Sommelier, Owner of Oxbow Wine Merchant and Coravin Investor

Introducing the **Coravin Wine Preservation System**

Drink what you want, without compromise. With the Coravin® Wine Preservation System, you can drink any wine, in any amount, without pulling the cork.

Select the style that fits you, all with easy-on, easy-off SmartClamps™. All Coravin systems are designed for style and performance: simply insert, tip, and pour as much wine as you desire—then save the rest of the bottle for weeks, months, or even years.

**Any Wine. Any Amount.
Without Pulling the Cork.**

How to Use

INSERT

Align the easy-on SmartClamps™ over the neck of bottle and push down firmly on the Handle in one fluid motion.

TIP

Tilt the bottle until the Spout is over the glass and the bottom of the bottle is raised higher than the Spout.

POUR

Quickly press and release the Trigger to pour. Tip the bottle back up to stop the pour.*

PRESERVE

Remove the System by pulling straight up and off the bottle. The cork will reseal naturally and continue to protect your wine for weeks, months, or even years.

*For Model Eleven, simply tip and the System will automatically pour.

“At home, I can enjoy a glass of something valuable, even precious, and perhaps save the rest to share one day with my son when he comes of age – and that to me is beyond value: it’s priceless, really.”

Geoffrey Zakarian

Culinary Director of The Plaza, Chef and Partner at The Lambs Club, Food Network Star

The Coravin Experience

Watch as Inventor and Founder Greg Lambrecht details the value of the Coravin® system.

No Compromises, Just Choices

Enjoy a glass of red wine, while your companion drinks white. When you pour wine without removing the cork, you have the freedom to choose the wines you desire without compromise.

Preserve Wine for Years

Don't wait for a special occasion to drink that unique bottle. Have one glass today and another in a week, a month, or even years. Your last glass will taste just as amazing as your very first.

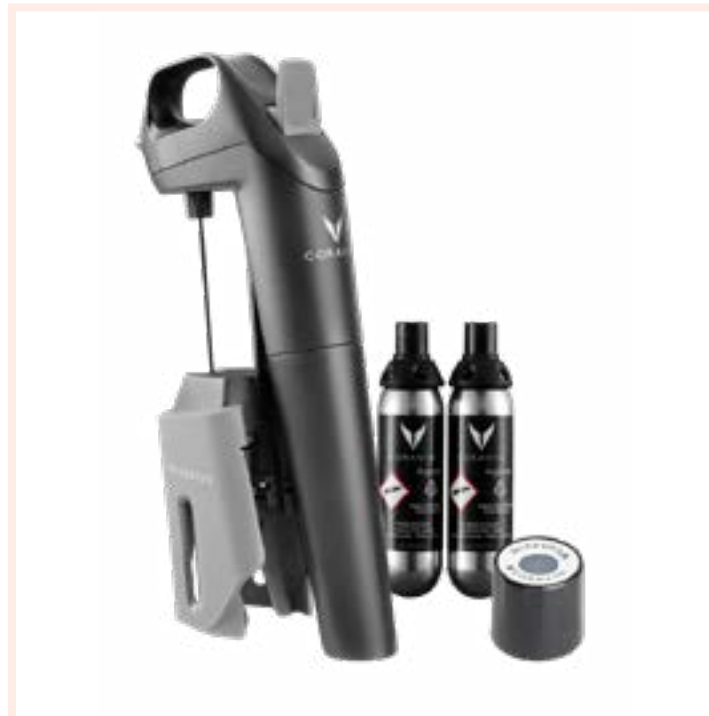

Drink the Wine You Want

“I’ll drink whatever is open” is a thing of the past. With Coravin, you can drink or serve the wine you want—not just the wines you have open.

Discover the Revolutionary Coravin Wine Preservation System

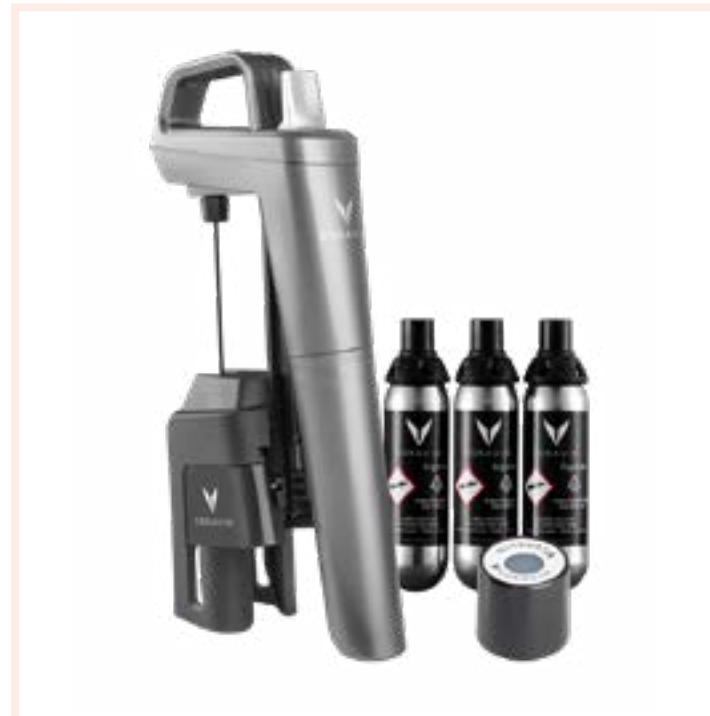

All Coravin® Wine Preservation Systems utilize patented technology to protect your wine from oxidation, allowing you to pour and enjoy wines like never before.

Coravin Model Three

The Coravin Model Three Wine Preservation System unlocks your choices, so you can drink any wine, in any amount, without pulling the cork. Featuring a friendly and functional design, the Model Three is perfect for everyday wine drinking. New and improved SmartClamps™ allow the System to easily go on/off virtually any bottle.

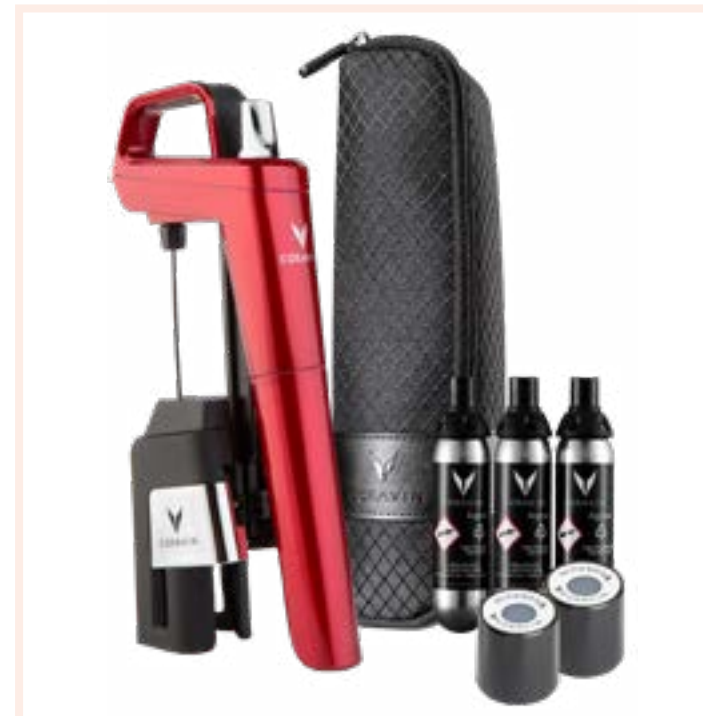

The Coravin Model Three comes with two Coravin Pure Capsules, and one Coravin Screw Cap.

Coravin Model Five

With the Coravin Model Five Wine Preservation System, choose the wines you desire, without compromise. Model Five is the Coravin standard, featuring the perfect balance between elegance and durability. It features a classic, timeless design and all-new SmartClamps™, making it sturdy and easy to go on/off from bottle to bottle.

The Coravin Model Five comes with three Coravin Pure Capsules, and one Coravin Screw Cap.

Coravin Model Six

Drink or serve the wine you want with the Coravin Model Six Wine Preservation System. Featuring a luxurious color palette enhanced by chrome accents, and innovative SmartClamps™, the Model Six is a fusion of elegance and technology. Its additional premium accessories offer a complete Coravin experience.

The Coravin Model Six comes with three Coravin Pure Capsules, two Coravin Screw Caps, and one Carry Case.

Coravin Model Eleven

The Coravin Model Eleven is the first Bluetooth®-connected and fully automatic Wine Preservation System. The most intuitive Coravin experience yet, the Model Eleven connects to the Coravin Moments™ app, allowing you to monitor System performance. The App also helps you discover unique wine moments to pair with food, music, movies and more.

Choose the full **Model Eleven Experience Bundle**, including six Coravin Pure Capsules, one Coravin Aerator, six Coravin Screw Caps, Carry Case, and Display Base; or the standalone **Model Eleven**, which includes two Coravin Pure Capsules.

Savor the Glass. Preserve the Bottle.

"After a few controlled experiments with Coravin, we think this is a great option for people who want to enjoy a glass of wine. Even more exciting, is the option to have a taste of several wines at once."

David Duncan
President and CEO at Silver Oak Cellars

Power Your Coravin® System with Coravin Pure Capsules

Coravin Pure Capsules power all Coravin Wine Preservation Systems, by pressurizing an unopened bottle of wine with Argon gas to pour a sip, a glass, or more. But not all Argon gas is equal. Only Coravin Pure Capsules utilize our proprietary Four Point Purity Process.

From sourcing, to manufacturing, to packaging and quality testing, only Coravin ensures that the Argon that is in contact with your wine is the very purest on earth. Only Coravin Pure Capsules are designed to work with our Coravin Wine Preservation Systems. The patented cap fits seamlessly with the safety mechanisms inside all Coravin Systems to ensure flawless interaction between the system and the capsule for a perfect seal, maximum performance, and ultimate safety.

Pure Argon

100% ultra-pure, medical grade Argon 5.0 is certified at its origin specifically for Coravin Pure Capsules.

Pure Performance

Patented cap and seal technology ensures Coravin Pure Capsules fit perfectly with our Systems' safety mechanisms and will not leak, providing a perfect pour and peace of mind, every time.

Pure Manufacturing

Coravin Pure Capsules go through a proprietary, two stage deep cleaning process and are filled in a medical standard environment to guarantee purity from start to finish.

Pure Quality

Each Coravin Pure Capsule is required to pass a multi-point, post manufacturing sensory inspection. This ensures the highest level of preservation and no impact to the taste of your wine.

Enhance Your Coravin Experience with Premium Coravin Accessories

Coravin® Accessories take your wine experience to the next level. From Coravin solutions for screw cap wines to convenient storage options, you can find an accessory to meet any of your wine needs.

Coravin Three Needle Kit

There's a Coravin Needle for every bottle or experience. Includes one Faster Pour Needle, one Vintage Needle, and one Standard Needle.

Coravin Screw Caps

The Coravin Screw Cap expands the possibilities of the Coravin Wine Preservation System by allowing you to pour and protect wines closed with a screw cap for up to three months. Includes six standard size screw caps.

Coravin Aerator

The Coravin Aerator, used with your Coravin System, enhances your wine experience by immediately mixing the right amount of air with wine as you pour. This allows your glass of wine to breathe without decanting, while ensuring the rest of the bottle remains perfectly preserved.

Coravin Pedestal Base & Faster Pour Needle

The Pedestal Base is the ideal place to showcase your System and conveniently store Coravin Capsules and Needles. The Faster Pour Needle pours quickly and smoothly, so you can start enjoying your glass of wine sooner.
